## Suggestions to improve usability and performance

- Change the white color for titles of left side Menu (Product Application Categories and PRINTABLE PRODUCT LIST) from the color of hovering on the category links so that PRINTABLE PRODUCT LIST is not mistaken to be part of the category .
- Can Add expand and collapse functionality to “Product Application Categories” menu so as only titles for the left menu is available till user expand.
- Changing color of the logo image and size the logo image up to be more clear for the user.
- Title for “Product Application Categories” Menu can be in one line.
- Wild card search can be included.
- PNGs in each navigation tab can be centered relative to the left side menu
- Green color on large scale.
